

Fort Scott Community College Endowment Association

Our Mission: The purpose of the Endowment Association is to facilitate and encourage gifts to Fort Scott Community College in support of the college mission. It is private support that provides the margin of excellence in college programs.

Established in 1975, the Endowment Association functions as a non-profit, educational corporation. From modest beginnings, the Endowment Association, under the direction of a board of directors, now provides significant assistance to the college in the form of scholarships. In addition, at the request of a donor, gifts may be used for special projects.

Thanks to the generosity of many donors, today the Endowment Fund is more than \$6.9 million. Even greater support is expected through the planned giving program. Through contributions to the Endowment Association, Fort Scott Community College will remain a vibrant, responsive, full-service institution, fully capable of fulfilling its mission.

Endowment Scholarships

The following is a list of endowed scholarships offered at Fort Scott Community College, and the criteria by which they are awarded. These scholarships are made possible by the generosity of people and organizations who seek to make an education available to deserving students. The money from these generous gifts is invested, and interest earnings are made available for scholarships.

Note: Most scholarships have a minimum grade-point average (GPA) requirement, often established by the donor. Some scholarships, however, have minimum GPA requirements established by the board of directors of the FSCC Endowment Association; those are indicated with an asterisk (*) following the GPA.
