STATISTICALLY VALID AND RELIABLE

Peer-reviewed research findings* indicate HESI Admission Assessment scores are valid predictors of student success and can therefore assist educators in the selection process, and assist students in identifying and remediating academic weaknesses prior to entering a program.

TARGETED REMEDIATION FOR STUDENTS

When the HESI Admission Assessment Exam is completed, applicants are provided personalized, electronic remediation content at no-cost. Remediation content is available for all of the exams. Remediation materials can be added to a printable study packet for review.

HELP STUDENTS PREPARE FOR THE EXAM!

HESI Admission Assessment Exam Review

With content review and sample test questions, this study guide helps students prepare for the HESI Admission Assessment Exam.

EVALUATE CRITICAL THINKING ABILITY

For nursing programs, the HESI Critical Thinking Exam is an ideal companion to the HESI Admission Assessment Exam. This exam is intended to provide a brief “snapshot” of critical thinking ability in situations encountered in healthcare settings. A total score is reflective of abilities in four categories:

1. **Problem Solving**
   - Refers to the process of inquiry in which the nurse seeks multiple facts to remove obstacles or resolve patient care problems

2. **Biases and Ethical Dilemmas**
   - Addresses ethical, legal, and moral issues, as well as biases nurses may have about patients and others

3. **Argument Analysis**
   - Refers to situations in which the nurse seeks to resolve conflicts or disagreements by considering multiple points of view

4. **Analysis of Data**
   - Addresses the need to interpret patient data correctly, and decide if further nursing action is required

TWO CONVENIENT TESTING OPTIONS

- Online, in your school’s secure computer lab.
- At any of the 350 Prometric testing centers.
With the HESI Admission Assessment Exam, you can test program applicants in three main academic areas — English Language, Math, Science — and two personal assessment areas. By gauging students’ academic readiness and identifying learning and personality styles, you’ll be able to admit the best prospective students to your nursing program.

SELECT ONE OR ALL OF THE AVAILABLE EXAMS
* Recommended administration times are suggested times only.

ENGLISH LANGUAGE (Each exam includes 55 test items - 50 scored and 5 pilot)

Reading Comprehension
Provide reading scenarios in order to measure reading comprehension, identifying the main idea, finding meaning of words in context, passage comprehension, making logical inferences, etc. Recommended time: 60 minutes

Vocabulary and General Knowledge
Contains vocabulary terms that are commonly used in both general English-speaking settings and in health care fields. Recommended time: 50 minute.

Grammar
Contains basic grammar, including parts of speech, important terms and their uses, commonly occurring grammatical errors, etc. Recommended time: 50 minutes

MATH (Exam includes 55 test items - 50 scored and 5 pilot)

Basic Math Skills
Focuses on math skills needed for health care fields, including basic addition, subtraction, multiplication, fractions, decimals, ratio and proportion, household measures, general math facts, etc. Recommended time: 50 minutes

SCIENCE (Each exam includes 30 test items - 25 scored and 5 pilot)

Anatomy and Physiology
Provides coverage of general terminology and anatomical structures and systems. Recommended time: 25 minutes

REPORTING
Detailed diagnostic reports are provided for both prospective students and educators. Institutional summary reports are prepared for every school that administers the exam that includes composite scores, subject-area composite scores, and percentage scores. Individual student reports include scoring explanations and missed questions by topic for the Reading Comprehension, Vocabulary and General Knowledge, Grammar, and Basic Math Skills questions. Individual results for the Learning Style assessment includes study tips based on the individual’s learning style; results for the Personality Profile assessment identifies the individual’s dominant personality type, strengths, weaknesses, and suggested learning techniques.
