B. KACCT QUARTERLY UPDATE

BUDGET HEARING

A. COMMENTS FROM THE CHAIR

B. COMMENTS FROM THE BOARD

C. APPROVAL OF BUDGET REVENUE NEUTRAL RATE

Background: New to the 2021/2022 budget process is an additional approval the revenue neutral rate (RNR) per K.S.A. 79-1460, 79-1801, 79-2024, 79-2925c.

Beginning with this budget cycle the County Clerk notifies each entity who receives a mill levy of their revenue neutral rate for mill levy.

For Budget 2022 our revenue neutral rate notification from the County Clerk was 28.055.

For the last nine years, the administrative team at FSCC has taken pride in being able to keep our mill levy relatively flat. For Fiscal Year 2021, our actual mill levy was 29.322 and for Fiscal Year 2022, FSCC is budgeting the mill levy at 29.299 making this the tenth year.

Recommendation: Administration recommends that the Board approve the budgeted mill levy of 29.299 for Budget 2022, which slightly exceed the revenue neutral rate of 28.055.

ACTION/DISCUSSION ITEMS

A. CONSIDERATION OF KJUMP SYMMETRY SETTLEMENT AGREEMENT

BACKGROUND: Fort Scott Community College participates in the Kansas Joint Utility Management Program (KJUMP) for natural gas for two of our larger meters (Main Campus and Burke St). KJUMP membership is comprised of multiple K-12 school districts and community colleges.

Participating in this agreement gives FSCC a reliable source of natural gas when cold weather is here and the pipeline transport of natural gas could be interrupted if supply is insufficient to meet demand/need.

The KJUMP contract party for natural gas supply was Symmetry. During the February 2021 winter storm, KJUMP participants “were charged and/or paid exorbitant, excessive, and or unconscionable rates or amounts for natural gas” from Symmetry. As such, a class action lawsuit was filed for breach of contract. For February 2021 the billing for FSCC was \$36,539.59, the usage was 1,829 MMBtu and price per MMBtu was \$19.977. (See historical costs in table on following page.)

KASB has provided the following feedback regarding the settlement.

- Symmetry will discount February gas prices to roughly \$8.80 to \$9.50 per MMBtu based on local circumstances. The price paid for natural gas in the month of February will be cut while all other fees and pass-through charges will remain unchanged.
- KJUMP members will receive full indemnification from any pass-through fees or extraneous charges from their local distributors based on a failure of Symmetry to deliver natural gas in February. This does not free members from pass-through or associated delivery fees but should ensure that they remain in line with regular usage.
- Members release Symmetry Energy of any liability and agree to not join any class-action lawsuits or take legal action against Symmetry Energy in contest of natural gas prices for February 2021.
- Anytime information is requested about the details of the settlement agreement, notice must be made to Symmetry Energy.
- Pool members agree to take no performative action with media outlets or press. Though the settlement will become KORA eligible once action is taken on it by your local Board of Education, our NDA requires us to take reasonable actions to keep the details of the settlement confidential.

The agreement requires pool members to sign the agreement and make payment on or before September 30, 2021, with no exceptions made for the deadline date. FSCC, upon agreeing to the settlement, will be credited \$16,348.70 to resolve billing and all other aspects of the dispute. This agreement is far more generous than any other settlement being seen in the market, and we believe it represents the best path forward for our members to protect their financial resources while simultaneously avoiding a long and expensive legal battle.

RECOMMENDATION: It is the recommendation of administration that the settlement execution be signed and returned for reimbursement of \$16,348.70.

EXHIBIT A**NOTICE OF CLASS ACTION LITIGATION RELATED TO SYMMETRY'S
SALE OF NATURAL GAS IN FEBRUARY 2021**

A putative class action lawsuit has been filed to date against Symmetry Energy Solutions, LLC ("Symmetry") related to Symmetry's sale of natural gas in February 2021.

Jurisdiction. The class action complaint has been filed in the United States District Court for the Eastern District of Texas.

Class Action Lawsuit. The class action lawsuit is: Certified Roses, Inc., et al. v. Symmetry Energy Solutions, LLC, Case No. 2:21-cv-133 (E.D. Tex., filed Apr. 15, 2021) (the "Certified Roses Action" or the "Lawsuit").

Description. The named plaintiffs in the Certified Roses Action seek to represent a class of persons or entities in the United States who purchased or obtained natural gas services from Symmetry "and were charged and/or paid excessive and/or exorbitant natural gas prices and costs during and because of Winter Storm Uri of February 2021." The plaintiffs assert various claims, including claims for breach of contract, violations of the Texas Deceptive Trade Practices Act, negligent misrepresentation, negligence, and for injunctive and declaratory relief. The complaint seeks, among other types of relief, compensatory damages, statutory and treble damages, punitive damages, a constructive trust, restitution, injunctive relief and other equitable relief, pre-judgment and post-judgment interest, reasonable attorneys' fees and expenses, costs of court, all costs and reasonable attorneys' fees as allowed by statute and such other relief as the Court deems just.

Right to Independent Advice/Counsel. The decision whether or not to enter into a settlement and release agreement with Symmetry is entirely voluntary on your part. Symmetry is not your counsel and cannot provide you legal advice. You have the right to consult with legal counsel or other representation prior to entering into a settlement and release agreement with Symmetry, and Symmetry encourages you to do so.

Additional Information. You may obtain additional information about the Certified Roses Action by consulting with your own counsel, researching the public case docket, or contacting counsel for the named plaintiffs in the Certified Roses Action at the following:

SALE OF NATURAL GAS IN FEBRUARY 2021**

A putative class action lawsuit has been filed to date against Symmetry Energy Solutions, LLC ("Symmetry") related to Symmetry's sale of natural gas in February 2021.

Jurisdiction. The class action complaint has been filed in the District Court of Harris County, Texas, 281st Judicial District.

Class Action Lawsuit. The class action lawsuit is: Quasar TMC Morgan, Ltd., et al. v. Symmetry Energy Solutions, LLC, Case No. 2021-27527 (filed May 7, 2021) (the "Quasar Action" or the "Lawsuit").

Description. The named plaintiffs in the Quasar Action seek to represent a class of persons or entities in the United States who purchased or obtained natural gas in Texas from Symmetry "and were charged and/or paid exorbitant, excessive, and/or unconscionable rates or amounts for natural gas during the pendency of Governor Abbot's declaration of disaster of February 12, 2021." The plaintiffs assert a claim for breach of contract, and claims for injunctive and declaratory relief. The complaint seeks, among other types of relief, actual damages, injunctive relief and other equitable relief, pre-judgment and post-judgment interest, costs of court, reasonable attorneys' fees as allowed by statute, and such other relief as the Court deems just.

B. CONSIDERATION OF KJUMP CONTRACT WITH WOODRIVER ENERGY

BACKGROUND: Fort Scott Community College participates in the Kansas Joint Utility Management Program (KJUMP) for natural gas for two of our larger meters (Main Campus and Burke St). KJUMP membership is comprised of multiple K-12 school districts and community colleges.

Participating in this agreement gives FSCC a reliable source of natural gas when cold weather is here and the pipeline transport of natural gas could be interrupted if supply is insufficient to meet demand/need and keeps our cost level.

The KJUMP contract renews on October 1st and after the issues with Symmetry additional vendors were invited to participate in the KJUMP contracting process. The vendor awarded the KJUMP contract was WoodRiver Energy for five years.

On August 26th we were notified of the new contract with WoodRiver and the need to sign a new contract agreement by September 13th.

Also at this time the natural gas suppliers were a topic on the Kansas Association of Community College Business Officers (KACCB0) discussion board, through this discussion we learned one of the community colleges has Encore that is contracted through Greenbush, contact was made with Greenbush. We were referred to their energy consultant for a conversation about joining. As part of a discussion/training session with the energy consultant the following points became the focus of the review for the FSCC natural gas contract:

- Develop a list of important items to know and questions to ask WoodRiver before signing the agreement. **(see next page - Questions in black, and Answers in Red).**
- Learned that the Greenbush contract with Encore was past the participation date for FSCC to join for the current five year contract.
- Provided FSCC historical MMBtu's for the past two years to the consultants for use in trying to get an agreement through a natural gas supplier, such as Encore for comparative purposes or possible contract signing.

On September 9th the energy consultant replied to us that he was unable to find anyone to give reasonable pricing with favorable terms. He "would not recommend the pricing options that he could find, if our WoodRiver contract option through KJUMP was still available it would be preferable". Given the answers to our questions had been positive, there were no other options as favorable, the contract would give FSCC fixed pricing of \$4.26 per MMBtu for five years we signed the contract and returned on September 9th.

RECOMMENDATION: Administration recommends approval of the signed contract with WoodRiver Energy for natural gas transport.

Questions for Wood River:

- It appears the contract is for 60 months, 5 years. Can you explain the renewal portion of the contract? **The new contract is indeed for 60 months. Far prior (months) to any renewal, we will be working with KASB on renewals, should KASB desire to continue to do business with WoodRiver. For anyone wanting to discontinue service, 60 days notice prior to the end of the initial term is required.**
- Can you confirm we will be obligated to paying two bills each month, one to the utility for delivery of natural gas to our facilities on their system and one to Wood River as our supplier, for the natural gas supply and transportation to our utility interconnect? **This is correct- you will receive a bill for the Local Distribution Company (utility, KGS) for the delivery portion of the gas service, and an invoice from WoodRiver for the actual natural gas molecules.**
- Can you explain **full requirements** as stated in the contract? What are the exposure limits of usage over anticipated volumes? Are we subject to operational flow order (OFO) penalties from the utility and how are these handled? **“Full Requirements” is a term that is used for a couple of purposes, both are applicable in this case. First, FR references that all natural gas used by the customer will be provided by WoodRiver. Second, and perhaps more important in this case, all gas used during the 5-year term will be priced at the \$4.26 as contracted – regardless of usage. So, you no longer have the any risk for over or under usage. Also, you have no exposure to OFO’s or penalties associated with such. Any penalties that could be assessed by the utility will be taken care of by WoodRiver, as agreed upon with KASB.**
- Are members part of an aggregation pool? If the pool is out of balance and cashed out or cashed in how are those costs assigned? By member or spread across the entire pool? **Again, no risk to the customer for any cash outs, OFO penalties, etc. Every therm used by the customer will be billed at \$4.26. Period.**
- Pricing seems to be fixed for the length of the contract. Is there any exposure to market volatility under any scenario and if so, please quantify the exposure limits? **No exposure. 100% of volume used is \$4.26.**
- How much capacity does Wood River have under contract on Southern Star Natural Gas Pipeline (SSNGP) for the group and specifically for Fort Scott Community College? Is the capacity under contract Firm, Secondary Firm, or Interruptible? **We have firm capacity on Southern Star (as well as every other pipeline), as well as storage at multiple locations.**
- If SSNGP increases its transportation rate as part of a FERC action, are we subject to the increased costs? **Any tariff change as part of a FERC approved application are pass-through to the customer. However, tariff changes are a normal thing, but they take much time, sometimes years, to be approved.**
- The contract deadline to sign is 9/13 can that be moved to 9/21 as our board had already met for August when we received this contract and does not meet again until 9/20. **This deadline is not imposed by WoodRiver, but rather by Kansas Gas Service. We are required by KGS to have all transition paperwork to them by the 15th of September for an October 1 start. Symmetry will cease deliveries to all customers belonging to the KJUMP group at the end of September.**

KANSAS ASSOCIATION OF SCHOOL BOARDS KANSAS ENERGY MANAGEMENT PROGRAM

MEMBER PARTICIPATION AND AGENCY AGREEMENT

The Board of Education of Unified School District No. **808** (the "Member"), Kansas Board Solutions, Inc., (KBS) – on behalf of the Kansas Association of School Boards (KASB) Energy Management Program, previously known as KJUMP (KBS and the KASB Energy Management Program, collectively, "Agent") and WoodRiver Energy, LLC (the Natural Gas Contract Program Administrator (the "Program Administrator")

(each also referred to herein as a "Party" and collectively the "Parties") hereby agreed that the Member will participate in the KBS Energy Management Program (Program) administered by the Program Administrator in accordance with this Member Participation Agreement ("Agreement") with KBS acting as agent for the Member.

The date of this Agreement is 9/9/2021 (the "Effective Date").

Definitions:

"Gas" means any mixture of hydrocarbons and non-combustible gases in a gaseous state consisting primarily of methane.

"Gas Supply Contracts" means the Base Contract for the Sale of Natural Gas by and between Program Administrator and Agent (on behalf of Member) dated 8/4/21, as amended from time to time (the "Base Contract"), and any Confirmation entered into pursuant to the certain Base Contract. A copy of the Form of the Base Contract and initial Confirmation are attached hereto as Attachment A.

"Pipeline" means any utility or local distribution company ("LDC") pipeline, distribution system, or storage facility including, those identified in the applicable Transportation Agreement(s).

"Transportation Agreements" means a contract or agreement for transportation, distribution, or storage service entered into by and between Member and the Pipeline utility or LDC as such agreements are identified on Attachment B.

The base term of this Agreement shall be five years (the "Term"), which is the term of the form of the initial Confirmation in Attachment A, hereto. In the event the Gas Supply Contracts applying to Member are extended, notwithstanding any other provision of this Agreement, the Term shall be extended to be concurrent with the extended Gas Supply Contracts upon written notice from Agent to Member.

Member hereby appoints KBS to serve as its exclusive agent to execute and manage the Gas Supply Contracts and the Transportation Agreements throughout the Term of this Agreement. To the extent necessary, Agent and Member will execute an agreement (examples include the Kansas Gas Service Transportation Affidavit and the Atmos Energy Agency Letter Form) provided by the Pipeline utility or LDC to authorize Agent to manage the Transportation Agreements ("Transportation Agency

Agreements"). A copy of each Transportation Agency Agreement will be provided to all Parties. Agent shall have no authority to undertake action on behalf of Member that is beyond the scope of the authorization stated in this Agreement. In no event shall Agent, in its capacity as agent or otherwise, take title to the Gas being transported under the Transportation Agreements or be responsible for any charges related to the Gas Supply Contracts or Transportation Agreements. Program Administrator has read and acknowledges the agency agreed to in this Agreement.

The Member assigns and grants Agent the sole right and discretion to contract with the Program Administer on its behalf to administer the operation of the Program, by and on behalf of the Member. As consideration for these services the member will pay the Agent as a component part of the fixed price contract amount of \$4.26 per MMBtu, the amount of 10 cents per MMBtu, which will be paid to Agent by WoodRiver on a quarterly basis. The Member further understands, acknowledges and agrees that the Program Administrator will sell Gas to the Member for the Member's use pursuant to the Gas Supply Contracts. The Program Administrator will provide the Member with a single monthly statement consolidating its' gas bill under the Gas Supply Contracts including the Program Administration Fee. Member will be responsible for payment of the bills and provides it full support and credit to the Program Administrator in consideration for the Gas Supply Contracts. The Program Administrator will consolidate the Program Administration Fee paid monthly by the Members and remit the full amount collected to the Agent within sixty (60) days after the end of each calendar quarter.

Agent is not responsible for the actions of the Program Administrator or any of its authorized subcontractors providing services to the Member, nor is it responsible for the actions of the Member. To the extent authorized by law, the Member agrees to defend, indemnify, and hold harmless Agent from any and all claims, loss damages, and attorney's fees and expenses associated therewith incurred as a result of any claim against Agent arising out of or premised upon any action of the Member or the employees, agents or subcontractors of the Member; or, any and all claims, loss damages, and attorney's fees and expenses associated therewith incurred as a result of any claim or action arising out of the relationship between the Member and or the Program Administrator, or the employees, agents or subcontractors of the Member or Program Administrator.

No Party or its directors, trustees, agents, officers, or employees, shall be liable to any other Party, its directors, trustees, agents, officers, or employees, for any punitive, consequential, incidental, indirect, exemplary of special damages arising out of a claim related to this Agreement, whether as a result of a breach of contract, breach of warranty, tort liability (including both negligence and strict liability), strict liability or otherwise.

This Agreement may be executed in multiple counterparts, each of which shall constitute an original and all of which together shall constitute one and the same instrument. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, for any reason, then, insofar as is practical and feasible, the remaining portions of this Agreement shall be deemed to be in full force and effect as if such invalid provision was not contained herein.

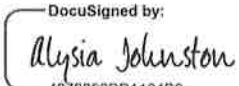

The Parties agree to execute and deliver such additional instruments or documents as may be necessary to carry out the purposes of this agreement

This Agreement contains all of the terms agreed upon by the Parties with respect to the subject matter of this Agreement and supersedes all prior agreements, amendments to agreements, arrangements and

communications, between the parties concerning such subject matter, whether oral or written, except as specifically provided otherwise in this Agreement. This Agreement has been duly authorized, executed and delivered by the parties hereto and constitutes a legal, valid and binding obligation of the

Parties. The signatures hereto represent and warrant that they are duly authorized to execute the Agreement on behalf of their principal.

General Terms and Conditions

Base Contract for Sale and Purchase of Natural Gas

SECTION 1. PURPOSE AND PROCEDURES

1.1. These General Terms and Conditions are intended to facilitate purchase and sale transactions of Gas on a Firm or Interruptible basis. "Buyer" refers to the party receiving Gas and "Seller" refers to the party delivering Gas. The entire agreement between the parties shall be the Contract as defined in Section 2.9.

The parties have selected either the "Oral Transaction Procedure" or the "Written Transaction Procedure" as indicated on the Base Contract.

Oral Transaction Procedure:

1.2. The parties will use the following Transaction Confirmation procedure. Any Gas purchase and sale transaction may be effectuated in an EDI transmission or telephone conversation with the offer and acceptance constituting the agreement of the parties. The parties shall be legally bound from the time they so agree to transaction terms and may each rely thereon. Any such transaction shall be considered a "writing" and to have been "signed". Notwithstanding the foregoing sentence, the parties agree that Confirming Party shall, and the other party may, confirm a telephonic transaction by sending the other party a Transaction Confirmation by facsimile, EDI or mutually agreeable electronic means within three Business Days of a transaction covered by this Section 1.2 (Oral Transaction Procedure) provided that the failure to send a Transaction Confirmation shall not invalidate the oral agreement of the parties. Confirming Party adopts its confirming letterhead, or the like, as its signature on any Transaction Confirmation as the identification and authentication of Confirming Party. If the Transaction Confirmation contains any provisions other than those relating to the commercial terms of the transaction (i.e., price, quantity, performance obligation, delivery point, period of delivery and/or transportation conditions), which modify or supplement the Base Contract or General Terms and Conditions of this Contract (e.g., arbitration or additional representations and warranties), such provisions shall not be deemed to be accepted pursuant to Section 1.3 but must be expressly agreed to by both parties; provided that the foregoing shall not invalidate any transaction agreed to by the parties.

Written Transaction Procedure:

1.2. The parties will use the following Transaction Confirmation procedure. Should the parties come to an agreement regarding a Gas purchase and sale transaction for a particular Delivery Period, the Confirming Party shall, and the other party may, record that agreement on a Transaction Confirmation and communicate such Transaction Confirmation by facsimile, EDI or mutually agreeable electronic means, to the other party by the close of the Business Day following the date of agreement. The parties acknowledge that their agreement will not be binding until the exchange of nonconflicting Transaction Confirmations or the passage of the Confirm Deadline without objection from the receiving party, as provided in Section 1.3.

1.3. If a sending party's Transaction Confirmation is materially different from the receiving party's understanding of the agreement referred to in Section 1.2, such receiving party shall notify the sending party via facsimile, EDI or mutually agreeable electronic means by the Confirm Deadline, unless such receiving party has previously sent a Transaction Confirmation to the sending party. The failure of the receiving party to so notify the sending party in writing by the Confirm Deadline constitutes the receiving party's agreement to the terms of the transaction described in the sending party's Transaction Confirmation. If there are any material differences between timely sent Transaction Confirmations governing the same transaction, then neither Transaction Confirmation shall be binding until or unless such differences are resolved including the use of any evidence that clearly resolves the differences in the Transaction Confirmations. In the event of a conflict among the terms of (i) a binding Transaction Confirmation pursuant to Section 1.2, (ii) the oral agreement of the parties which may be evidenced by a recorded conversation, where the parties have selected the Oral Transaction Procedure of the Base Contract, (iii) the Base Contract, and (iv) these General Terms and Conditions, the terms of the documents shall govern in the priority listed in this sentence.

1.4. The parties agree that each party may electronically record all telephone conversations with respect to this Contract between their respective employees, without any special or further notice to the other party. Each party shall obtain any necessary consent of its agents and employees to such recording. Where the parties have selected the Oral Transaction Procedure in Section 1.2 of the Base Contract, the parties agree not to contest the validity or enforceability of telephonic recordings entered into in accordance with the requirements of this Base Contract.

SECTION 2. DEFINITIONS

The terms set forth below shall have the meaning ascribed to them below. Other terms are also defined elsewhere in the Contract and shall have the meanings ascribed to them herein.

2.1. "Additional Event of Default" shall mean Transactional Cross Default or Indebtedness Cross Default, each as and if selected by the parties pursuant to the Base Contract.

2.2. "Affiliate" shall mean, in relation to any person, any entity controlled, directly or indirectly, by the person, any entity that controls, directly or indirectly, the person or any entity directly or indirectly under common control with the person. For this purpose, "control" of any entity or person means ownership of at least 50 percent of the voting power of the entity or person.

2.3. "Alternative Damages" shall mean such damages, expressed in dollars or dollars per MMBtu, as the parties shall agree upon in the Transaction Confirmation, in the event either Seller or Buyer fails to perform a Firm obligation to deliver Gas in the case of Seller or to receive Gas in the case of Buyer.

- 2.4. "Base Contract" shall mean a contract executed by the parties that incorporates these General Terms and Conditions by reference; that specifies the agreed selections of provisions contained herein; and that sets forth other information required herein and any Special Provisions and addendum(s) as identified on page one.
- 2.5. "British thermal unit" or "Btu" shall mean the International BTU, which is also called the Btu (IT).
- 2.6. "Business Day(s)" shall mean Monday through Friday, excluding Federal Banking Holidays for transactions in the U.S.
- 2.7. "Confirm Deadline" shall mean 5:00 p.m. in the receiving party's time zone on the second Business Day following the Day a Transaction Confirmation is received or, if applicable, on the Business Day agreed to by the parties in the Base Contract; provided, if the Transaction Confirmation is time stamped after 5:00 p.m. in the receiving party's time zone, it shall be deemed received at the opening of the next Business Day.
- 2.8. "Confirming Party" shall mean the party designated in the Base Contract to prepare and forward Transaction Confirmations to the other party.
- 2.9. "Contract" shall mean the legally-binding relationship established by (i) the Base Contract, (ii) any and all binding Transaction Confirmations and (iii) where the parties have selected the Oral Transaction Procedure in Section 1.2 of the Base Contract, any and all transactions that the parties have entered into through an EDI transmission or by telephone, but that have not been confirmed in a binding Transaction Confirmation, all of which shall form a single integrated agreement between the parties.
- 2.10. "Contract Price" shall mean the amount expressed in U.S. Dollars per MMBtu to be paid by Buyer to Seller for the purchase of Gas as agreed to by the parties in a transaction.
- 2.11. "Contract Quantity" shall mean the quantity of Gas to be delivered and taken as agreed to by the parties in a transaction.
- 2.12. "Cover Standard", as referred to in Section 3.2, shall mean that if there is an unexcused failure to take or deliver any quantity of Gas pursuant to this Contract, then the performing party shall use commercially reasonable efforts to (i) if Buyer is the performing party, obtain Gas, (or an alternate fuel if elected by Buyer and replacement Gas is not available), or (ii) if Seller is the performing party, sell Gas, in either case, at a price reasonable for the delivery or production area, as applicable, consistent with: the amount of notice provided by the nonperforming party; the immediacy of the Buyer's Gas consumption needs or Seller's Gas sales requirements, as applicable; the quantities involved; and the anticipated length of failure by the nonperforming party.
- 2.13. "Credit Support Obligation(s)" shall mean any obligation(s) to provide or establish credit support for, or on behalf of, a party to this Contract such as cash, an irrevocable standby letter of credit, a margin agreement, a prepayment, a security interest in an asset, guaranty, or other good and sufficient security of a continuing nature.
- 2.14. "Day" shall mean a period of 24 consecutive hours, coextensive with a "day" as defined by the Receiving Transporter in a particular transaction.
- 2.15. "Delivery Period" shall be the period during which deliveries are to be made as agreed to by the parties in a transaction.
- 2.16. "Delivery Point(s)" shall mean such point(s) as are agreed to by the parties in a transaction.
- 2.17. "EDI" shall mean an electronic data interchange pursuant to an agreement entered into by the parties, specifically relating to the communication of Transaction Confirmations under this Contract.
- 2.18. "EFP" shall mean the purchase, sale or exchange of natural Gas as the "physical" side of an exchange for physical transaction involving gas futures contracts. EFP shall incorporate the meaning and remedies of "Firm", provided that a party's excuse for nonperformance of its obligations to deliver or receive Gas will be governed by the rules of the relevant futures exchange regulated under the Commodity Exchange Act.
- 2.19. "Firm" shall mean that either party may interrupt its performance without liability only to the extent that such performance is prevented for reasons of Force Majeure; provided, however, that during Force Majeure interruptions, the party invoking Force Majeure may be responsible for any Imbalance Charges as set forth in Section 4.3 related to its interruption after the nomination is made to the Transporter and until the change in deliveries and/or receipts is confirmed by the Transporter.
- 2.20. "Gas" shall mean any mixture of hydrocarbons and noncombustible gases in a gaseous state consisting primarily of methane.
- 2.21. "Guarantor" shall mean any entity that has provided a guaranty of the obligations of a party hereunder.
- 2.22. "Imbalance Charges" shall mean any fees, penalties, costs or charges (in cash or in kind) assessed by a Transporter for failure to satisfy the Transporter's balance and/or nomination requirements.
- 2.23. "Indebtedness Cross Default" shall mean if selected on the Base Contract by the parties with respect to a party, that it or its Guarantor, if any, experiences a default, or similar condition or event however therein defined, under one or more agreements or instruments, individually or collectively, relating to indebtedness (such indebtedness to include any obligation whether present or future, contingent or otherwise, as principal or surety or otherwise) for the payment or repayment of borrowed money in an aggregate amount greater than the threshold specified in the Base Contract with respect to such party or its Guarantor, if any, which results in such indebtedness becoming immediately due and payable.
- 2.24. "Interruptible" shall mean that either party may interrupt its performance at any time for any reason, whether or not caused by an event of Force Majeure, with no liability, except such interrupting party may be responsible for any Imbalance Charges as set forth in Section 4.3 related to its interruption after the nomination is made to the Transporter and until the change in deliveries and/or receipts is confirmed by Transporter.

- 2.25. "MMBtu" shall mean one million British thermal units, which is equivalent to one dekatherm.
- 2.26. "Month" shall mean the period beginning on the first Day of the calendar month and ending immediately prior to the commencement of the first Day of the next calendar month.
- 2.27. "Payment Date" shall mean a date, as indicated on the Base Contract, on or before which payment is due Seller for Gas received by Buyer in the previous Month.
- 2.28. "Receiving Transporter" shall mean the Transporter receiving Gas at a Delivery Point, or absent such receiving Transporter, the Transporter delivering Gas at a Delivery Point.
- 2.29. "Scheduled Gas" shall mean the quantity of Gas confirmed by Transporter(s) for movement, transportation or management.
- 2.30. "Specified Transaction(s)" shall mean any other transaction or agreement between the parties for the purchase, sale or exchange of physical Gas, and any other transaction or agreement identified as a Specified Transaction under the Base Contract.
- 2.31. "Spot Price" as referred to in Section 3.2 shall mean the price listed in the publication indicated on the Base Contract, under the listing applicable to the geographic location closest in proximity to the Delivery Point(s) for the relevant Day; provided, if there is no single price published for such location for such Day, but there is published a range of prices, then the Spot Price shall be the average of such high and low prices. If no price or range of prices is published for such Day, then the Spot Price shall be the average of the following: (i) the price (determined as stated above) for the first Day for which a price or range of prices is published that next precedes the relevant Day; and (ii) the price (determined as stated above) for the first Day for which a price or range of prices is published that next follows the relevant Day.
- 2.32. "Transaction Confirmation" shall mean a document, similar to the form of Exhibit A, setting forth the terms of a transaction formed pursuant to Section 1 for a particular Delivery Period.
- 2.33. "Transactional Cross Default" shall mean if selected on the Base Contract by the parties with respect to a party, that it shall be in default, however therein defined, under any Specified Transaction.
- 2.34. "Termination Option" shall mean the option of either party to terminate a transaction in the event that the other party fails to perform a Firm obligation to deliver Gas in the case of Seller or to receive Gas in the case of Buyer for a designated number of days during a period as specified on the applicable Transaction Confirmation.
- 2.35. "Transporter(s)" shall mean all Gas gathering or pipeline companies, or local distribution companies, acting in the capacity of a transporter, transporting Gas for Seller or Buyer upstream or downstream, respectively, of the Delivery Point pursuant to a particular transaction.

SECTION 3. PERFORMANCE OBLIGATION

- 3.1. Seller agrees to sell and deliver, and Buyer agrees to receive and purchase, the Contract Quantity for a particular transaction in accordance with the terms of the Contract. Sales and purchases will be on a Firm or Interruptible basis, as agreed to by the parties in a transaction.

The parties have selected either the "Cover Standard" or the "Spot Price Standard" as indicated on the Base Contract.

Cover Standard:

3.2. The sole and exclusive remedy of the parties in the event of a breach of a Firm obligation to deliver or receive Gas shall be recovery of the following: (i) in the event of a breach by Seller on any Day(s), payment by Seller to Buyer in an amount equal to the positive difference, if any, between the purchase price paid by Buyer utilizing the Cover Standard and the Contract Price, adjusted for commercially reasonable differences in transportation costs to or from the Delivery Point(s), multiplied by the difference between the Contract Quantity and the quantity actually delivered by Seller for such Day(s), excluding any quantity for which no replacement is available; or (ii) in the event of a breach by Buyer on any Day(s), payment by Buyer to Seller in the amount equal to the positive difference, if any, between the Contract Price and the price received by Seller utilizing the Cover Standard for the resale of such Gas, adjusted for commercially reasonable differences in transportation costs to or from the Delivery Point(s), multiplied by the difference between the Contract Quantity and the quantity actually taken by Buyer for such Day(s), excluding any quantity for which no sale is available; and (iii) in the event that Buyer has used commercially reasonable efforts to replace the Gas or Seller has used commercially reasonable efforts to sell the Gas to a third party, and no such replacement or sale is available for all or any portion of the Contract Quantity of Gas, then in addition to (i) or (ii) above, as applicable, the sole and exclusive remedy of the performing party with respect to the Gas not replaced or sold shall be an amount equal to any unfavorable difference between the Contract Price and the Spot Price, adjusted for such transportation to the applicable Delivery Point, multiplied by the quantity of such Gas not replaced or sold. Imbalance Charges shall not be recovered under this Section 3.2, but Seller and/or Buyer shall be responsible for Imbalance Charges, if any, as provided in Section 4.3. The amount of such unfavorable difference shall be payable five Business Days after presentation of the performing party's invoice, which shall set forth the basis upon which such amount was calculated.

Spot Price Standard:

3.2. The sole and exclusive remedy of the parties in the event of a breach of a Firm obligation to deliver or receive Gas shall be recovery of the following: (i) in the event of a breach by Seller on any Day(s), payment by Seller to Buyer in an amount equal to the difference between the Contract Quantity and the actual quantity delivered by Seller and received by Buyer for such Day(s), multiplied by the positive difference, if any, obtained by subtracting the Contract Price from the Spot Price; or (ii) in the event of a breach by Buyer on any Day(s), payment by Buyer to Seller in an amount equal to the difference between the Contract Quantity and the actual quantity delivered by Seller and received by Buyer for such Day(s), multiplied by the positive difference, if any,

obtained by subtracting the applicable Spot Price from the Contract Price. Imbalance Charges shall not be recovered under this Section 3.2, but Seller and/or Buyer shall be responsible for Imbalance Charges, if any, as provided in Section 4.3. The amount of such unfavorable difference shall be payable five Business Days after presentation of the performing party's invoice, which shall set forth the basis upon which such amount was calculated.

3.3. Notwithstanding Section 3.2, the parties may agree to Alternative Damages in a Transaction Confirmation executed in writing by both parties.

3.4. In addition to Sections 3.2 and 3.3, the parties may provide for a Termination Option in a Transaction Confirmation executed in writing by both parties. The Transaction Confirmation containing the Termination Option will designate the length of nonperformance triggering the Termination Option and the procedures for exercise thereof, how damages for nonperformance will be compensated, and how liquidation costs will be calculated.

SECTION 4. TRANSPORTATION, NOMINATIONS, AND IMBALANCES

4.1. Sellers shall have the sole responsibility for transporting the Gas to the Delivery Point(s). Buyer shall have the sole responsibility for transporting the Gas from the Delivery Point(s).

4.2. The parties shall coordinate their nomination activities, giving sufficient time to meet the deadlines of the affected Transporter(s). Each party shall give the other party timely prior Notice, sufficient to meet the requirements of all Transporter(s) involved in the transaction, of the quantities of Gas to be delivered and purchased each Day. Should either party become aware that actual deliveries at the Delivery Point(s) are greater or lesser than the Scheduled Gas, such party shall promptly notify the other party.

4.3. The parties shall use commercially reasonable efforts to avoid imposition of any Imbalance Charges. If Buyer or Seller receives an invoice from a Transporter that includes Imbalance Charges, the parties shall determine the validity as well as the cause of such Imbalance Charges. If the Imbalance Charges were incurred as a result of Buyer's receipt of quantities of Gas greater than or less than the Scheduled Gas, then Buyer shall pay for such Imbalance Charges or reimburse Seller for such Imbalance Charges paid by Seller. If the Imbalance Charges were incurred as a result of Seller's delivery of quantities of Gas greater than or less than the Scheduled Gas, then Seller shall pay for such Imbalance Charges or reimburse Buyer for such Imbalance Charges paid by Buyer.

SECTION 5. QUALITY AND MEASUREMENT

All Gas delivered by Seller shall meet the pressure, quality and heat content requirements of the Receiving Transporter. The unit of quantity measurement for purposes of this Contract shall be one MMBtu dry. Measurement of Gas quantities hereunder shall be in accordance with the established procedures of the Receiving Transporter.

SECTION 6. TAXES

The parties have selected either "Buyer Pays At and After Delivery Point" or "Seller Pays Before and At Delivery Point" as Indicated on the Base Contract.

Buyer Pays At and After Delivery Point:

Seller shall pay or cause to be paid all taxes, fees, levies, penalties, licenses or charges imposed by any government authority ("Taxes") on or with respect to the Gas prior to the Delivery Point(s). Buyer shall pay or cause to be paid all Taxes on or with respect to the Gas at the Delivery Point(s) and all Taxes after the Delivery Point(s). If a party is required to remit or pay Taxes that are the other party's responsibility hereunder, the party responsible for such Taxes shall promptly reimburse the other party for such Taxes. Any party entitled to an exemption from any such Taxes or charges shall furnish the other party any necessary documentation thereof.

Seller Pays Before and At Delivery Point:

Seller shall pay or cause to be paid all taxes, fees, levies, penalties, licenses or charges imposed by any government authority ("Taxes") on or with respect to the Gas prior to the Delivery Point(s) and all Taxes at the Delivery Point(s). Buyer shall pay or cause to be paid all Taxes on or with respect to the Gas after the Delivery Point(s). If a party is required to remit or pay Taxes that are the other party's responsibility hereunder, the party responsible for such Taxes shall promptly reimburse the other party for such Taxes. Any party entitled to an exemption from any such Taxes or charges shall furnish the other party any necessary documentation thereof.

SECTION 7. BILLING, PAYMENT, AND AUDIT

7.1. Sellers shall invoice Buyer for Gas delivered and received in the preceding Month and for any other applicable charges, providing supporting documentation acceptable in industry practice to support the amount charged. If the actual quantity delivered is not known by the billing date, billing will be prepared based on the quantity of Scheduled Gas. The invoiced quantity will then be adjusted to the actual quantity on the following Month's billing or as soon thereafter as actual delivery information is available.

7.2. Buyer shall remit the amount due under Section 7.1 in the manner specified in the Base Contract, in immediately available funds, on or before the later of the Payment Date or 10 Days after receipt of the invoice by Buyer; provided that if the Payment Date is not a Business Day, payment is due on the next Business Day following that date. In the event any payments are due Buyer hereunder, payment to Buyer shall be made in accordance with this Section 7.2.

7.3. In the event payments become due pursuant to Sections 3.2 or 3.3, the performing party may submit an invoice to the nonperforming party for an accelerated payment setting forth the basis upon which the invoiced amount was calculated. Payment from the nonperforming party will be due five Business Days after receipt of invoice.

7.4. If the Invoiced party, in good faith, disputes the amount of any such invoice or any part thereof, such invoiced party will pay such amount as it concedes to be correct; provided, however, if the Invoiced party disputes the amount due, it must provide supporting

documentation acceptable in industry practice to support the amount paid or disputed without undue delay. In the event the parties are unable to resolve such dispute, either party may pursue any remedy available at law or in equity to enforce its rights pursuant to this Section.

7.5. If the invoiced party fails to remit the full amount payable when due, interest on the unpaid portion shall accrue from the date due until the date of payment at a rate equal to the lower of (i) the then-effective prime rate of interest published under "Money Rates" by The Wall Street Journal, plus two percent per annum; or (ii) the maximum applicable lawful interest rate.

7.6. A party shall have the right, at its own expense, upon reasonable Notice and at reasonable times, to examine and audit and to obtain copies of the relevant portion of the books, records, and telephone recordings of the other party only to the extent reasonably necessary to verify the accuracy of any statement, charge, payment, or computation made under the Contract. This right to examine, audit, and to obtain copies shall not be available with respect to proprietary information not directly relevant to transactions under this Contract. All invoices and billings shall be conclusively presumed final and accurate and all associated claims for under- or overpayments shall be deemed waived unless such invoices or billings are objected to in writing, with adequate explanation and/or documentation, within two years after the Month of Gas delivery. All retroactive adjustments under Section 7 shall be paid in full by the party owing payment within 30 Days of Notice and substantiation of such inaccuracy.

7.7. Unless the parties have elected on the Base Contract not to make this Section 7.7 applicable to this Contract, the parties shall net all undisputed amounts due and owing, and/or past due, arising under the Contract such that the party owing the greater amount shall make a single payment of the net amount to the other party in accordance with Section 7; provided that no payment required to be made pursuant to the terms of any Credit Support Obligation or pursuant to Section 7.3 shall be subject to netting under this Section. If the parties have executed a separate netting agreement, the terms and conditions therein shall prevail to the extent inconsistent herewith.

SECTION 8. TITLE, WARRANTY, AND INDEMNITY

8.1. Unless otherwise specifically agreed, title to the Gas shall pass from Seller to Buyer at the Delivery Point(s). Seller shall have responsibility for and assume any liability with respect to the Gas prior to its delivery to Buyer at the specified Delivery Point(s). Buyer shall have responsibility for and assume any liability with respect to said Gas after its delivery to Buyer at the Delivery Point(s).

8.2. Seller warrants that it will have the right to convey and will transfer good and merchantable title to all Gas sold hereunder and delivered by it to Buyer, free and clear of all liens, encumbrances, and claims. EXCEPT AS PROVIDED IN THIS SECTION 8.2 AND IN SECTION 15.8, ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR ANY PARTICULAR PURPOSE, ARE DISCLAIMED.

8.3. Seller agrees to indemnify Buyer and save it harmless from all losses, liabilities or claims including reasonable attorneys' fees and costs of court ("Claims"), from any and all persons, arising from or out of claims of title, personal injury (including death) or property damage from said Gas or other charges thereon which attach before title passes to Buyer. Buyer agrees to indemnify Seller and save it harmless from all Claims, from any and all persons, arising from or out of claims regarding payment, personal injury (including death) or property damage from said Gas or other charges thereon which attach after title passes to Buyer.

8.4. The parties agree that the delivery of and the transfer of title to all Gas under this Contract shall take place within the Customs Territory of the United States (as defined in general note 2 of the Harmonized Tariff Schedule of the United States 19 U.S.C. §1202, General Notes, page 3); provided, however, that in the event Seller took title to the Gas outside the Customs Territory of the United States, Seller represents and warrants that it is the importer of record for all Gas entered and delivered into the United States, and shall be responsible for entry and entry summary filings as well as the payment of duties, taxes and fees, if any, and all applicable record keeping requirements.

8.5. Notwithstanding the other provisions of this Section 8, as between Seller and Buyer, Seller will be liable for all Claims to the extent that such arise from the failure of Gas delivered by Seller to meet the quality requirements of Section 5.

SECTION 9. NOTICES

9.1. All Transaction Confirmations, invoices, payment instructions, and other communications made pursuant to the Base Contract ("Notices") shall be made to the addresses specified in writing by the respective parties from time to time.

9.2. All Notices required hereunder shall be in writing and may be sent by facsimile or mutually acceptable electronic means, a nationally recognized overnight courier service, first class mail or hand delivered.

9.3. Notice shall be given when received on a Business Day by the addressee. In the absence of proof of the actual receipt date, the following presumptions will apply. Notices sent by facsimile shall be deemed to have been received upon the sending party's receipt of its facsimile machine's confirmation of successful transmission. If the day on which such facsimile is received is not a Business Day or is after five p.m. on a Business Day, then such facsimile shall be deemed to have been received on the next following Business Day. Notice by overnight mail or courier shall be deemed to have been received on the next Business Day after it was sent or such earlier time as is confirmed by the receiving party. Notice via first class mail shall be considered delivered five Business Days after mailing.

9.4. The party receiving a commercially acceptable Notice of change in payment instructions or other payment information shall not be obligated to implement such change until ten Business Days after receipt of such Notice.

SECTION 10. FINANCIAL RESPONSIBILITY

10.1. If either party ("X") has reasonable grounds for insecurity regarding the performance of any obligation under this Contract (whether or not then due) by the other party ("Y") (including, without limitation, the occurrence of a material change in the

creditworthiness of Y or its Guarantor, if applicable), X may demand Adequate Assurance of Performance. "Adequate Assurance of Performance" shall mean sufficient security in the form, amount, for a term, and from an issuer, all as reasonably acceptable to X, including, but not limited to cash, a standby irrevocable letter of credit, a prepayment, a security interest in an asset or guaranty. Y hereby grants to X a continuing first priority security interest in, lien on, and right of setoff against all Adequate Assurance of Performance in the form of cash transferred by Y to X pursuant to this Section 10.1. Upon the return by X to Y of such Adequate Assurance of Performance, the security interest and lien granted hereunder on that Adequate Assurance of Performance shall be released automatically and, to the extent possible, without any further action by either party.

10.2. In the event (each an "Event of Default") either party (the "Defaulting Party") or its Guarantor shall: (i) make an assignment or any general arrangement for the benefit of creditors; (ii) file a petition or otherwise commence, authorize, or acquiesce in the commencement of a proceeding or case under any bankruptcy or similar law for the protection of creditors or have such petition filed or proceeding commenced against it; (iii) otherwise become bankrupt or insolvent (however evidenced); (iv) be unable to pay its debts as they fall due; (v) have a receiver, provisional liquidator, conservator, custodian, trustee or other similar official appointed with respect to it or substantially all of its assets; (vi) fail to perform any obligation to the other party with respect to any Credit Support Obligations relating to the Contract; (vii) fail to give Adequate Assurance of Performance under Section 10.1 within 48 hours but at least one Business Day of a written request by the other party; (viii) not have paid any amount due the other party hereunder on or before the second Business Day following written Notice that such payment is due; or (ix) be the affected party with respect to any Additional Event of Default; then the other party (the "Non-Defaulting Party") shall have the right, at its sole election, to immediately withhold and/or suspend deliveries or payments upon Notice and/or to terminate and liquidate the transactions under the Contract, in the manner provided in Section 10.3, in addition to any and all other remedies available hereunder.

10.3. If an Event of Default has occurred and is continuing, the Non-Defaulting Party shall have the right, by Notice to the Defaulting Party, to designate a Day, no earlier than the Day such Notice is given and no later than 20 Days after such Notice is given, as an early termination date (the "Early Termination Date") for the liquidation and termination pursuant to Section 10.3.1 of all transactions under the Contract, each a "Terminated Transaction". On the Early Termination Date, all transactions will terminate, other than those transactions, if any, that may not be liquidated and terminated under applicable law ("Excluded Transactions"), which Excluded Transactions must be liquidated and terminated as soon thereafter as is legally permissible, and upon termination shall be a Terminated Transaction and be valued consistent with Section 10.3.1 below. With respect to each Excluded Transaction, its actual termination date shall be the Early Termination Date for purposes of Section 10.3.1.

The parties have selected either "Early Termination Damages Apply" or "Early Termination Damages Do Not Apply" as Indicated on the Base Contract.

Early Termination Damages Apply:

10.3.1. As of the Early Termination Date, the Non-Defaulting Party shall determine, in good faith and in a commercially reasonable manner, (i) the amount owed (whether or not then due) by each party with respect to all Gas delivered and received between the parties under Terminated Transactions and Excluded Transactions on and before the Early Termination Date and all other applicable charges relating to such deliveries and receipts (including without limitation any amounts owed under Section 3.2), for which payment has not yet been made by the party that owes such payment under this Contract and (ii) the Market Value, as defined below, of each Terminated Transaction. The Non-Defaulting Party shall (x) liquidate and accelerate each Terminated Transaction at its Market Value, so that each amount equal to the difference between such Market Value and the Contract Value, as defined below, of such Terminated Transaction(s) shall be due to the Buyer under the Terminated Transaction(s) if such Market Value exceeds the Contract Value and to the Seller if the opposite is the case; and (y) where appropriate, discount each amount then due under clause (x) above to present value in a commercially reasonable manner as of the Early Termination Date (to take account of the period between the date of liquidation and the date on which such amount would have otherwise been due pursuant to the relevant Terminated Transactions).

For purposes of this Section 10.3.1, "Contract Value" means the amount of Gas remaining to be delivered or purchased under a transaction multiplied by the Contract Price, and "Market Value" means the amount of Gas remaining to be delivered or purchased under a transaction multiplied by the market price for a similar transaction at the Delivery Point determined by the Non-Defaulting Party in a commercially reasonable manner. To ascertain the Market Value, the Non-Defaulting Party may consider, among other valuations, any or all of the settlement prices of NYMEX Gas futures contracts, quotations from leading dealers in energy swap contracts or physical gas trading markets, similar sales or purchases and any other bona fide third-party offers, all adjusted for the length of the term and differences in transportation costs. A party shall not be required to enter into a replacement transaction(s) in order to determine the Market Value. Any extension(s) of the term of a transaction to which parties are not bound as of the Early Termination Date (including but not limited to "evergreen provisions") shall not be considered in determining Contract Values and Market Values. For the avoidance of doubt, any option pursuant to which one party has the right to extend the term of a transaction shall be considered in determining Contract Values and Market Values. The rate of interest used in calculating net present value shall be determined by the Non-Defaulting Party in a commercially reasonable manner.

Early Termination Damages Do Not Apply:

10.3.1. As of the Early Termination Date, the Non-Defaulting Party shall determine, in good faith and in a commercially reasonable manner, the amount owed (whether or not then due) by each party with respect to all Gas delivered and received between the parties under Terminated Transactions and Excluded Transactions on and before the Early Termination Date and all other applicable charges relating to such deliveries and receipts (including without limitation any amounts owed under Section 3.2), for which payment has not yet been made by the party that owes such payment under this Contract.

The parties have selected either "Other Agreement Setoffs Apply" or "Other Agreement Setoffs Do Not Apply" as Indicated on the Base Contract.

Other Agreement Setoffs Apply:**Bilateral Setoff Option:**

10.3.2. The Non-Defaulting Party shall net or aggregate, as appropriate, any and all amounts owing between the parties under Section 10.3.1, so that all such amounts are netted or aggregated to a single liquidated amount payable by one party to the other (the "Net Settlement Amount"). At its sole option and without prior Notice to the Defaulting Party, the Non-Defaulting Party is hereby authorized to setoff any Net Settlement Amount against (i) any margin or other collateral held by a party in connection with any Credit Support Obligation relating to the Contract; and (ii) any amount(s) (including any excess cash margin or excess cash collateral) owed or held by the party that is entitled to the Net Settlement Amount under any other agreement or arrangement between the parties.

Triangular Setoff Option:

10.3.2. The Non-Defaulting Party shall net or aggregate, as appropriate, any and all amounts owing between the parties under Section 10.3.1, so that all such amounts are netted or aggregated to a single liquidated amount payable by one party to the other (the "Net Settlement Amount"). At its sole option, and without prior Notice to the Defaulting Party, the Non-Defaulting Party is hereby authorized to setoff (i) any Net Settlement Amount against any margin or other collateral held by a party in connection with any Credit Support Obligation relating to the Contract; (ii) any Net Settlement Amount against any amount(s) (including any excess cash margin or excess cash collateral) owed by or to a party under any other agreement or arrangement between the parties; (iii) any Net Settlement Amount owed to the Non-Defaulting Party against any amount(s) (including any excess cash margin or excess cash collateral) owed by the Non-Defaulting Party or its Affiliates to the Defaulting Party under any other agreement or arrangement; (iv) any Net Settlement Amount owed to the Defaulting Party against any amount(s) (including any excess cash margin or excess cash collateral) owed by the Defaulting Party to the Non-Defaulting Party or its Affiliates under any other agreement or arrangement; and/or (v) any Net Settlement Amount owed to the Defaulting Party against any amount(s) (including any excess cash margin or excess cash collateral) owed by the Defaulting Party or its Affiliates to the Non-Defaulting Party under any other agreement or arrangement.

Other Agreement Setoffs Do Not Apply:

10.3.2. The Non-Defaulting Party shall net or aggregate, as appropriate, any and all amounts owing between the parties under Section 10.3.1, so that all such amounts are netted or aggregated to a single liquidated amount payable by one party to the other (the "Net Settlement Amount"). At its sole option and without prior Notice to the Defaulting Party, the Non-Defaulting Party may setoff any Net Settlement Amount against any margin or other collateral held by a party in connection with any Credit Support Obligation relating to the Contract.

10.3.3. If any obligation that is to be included in any netting, aggregation or setoff pursuant to Section 10.3.2 is unascertained, the Non-Defaulting Party may in good faith estimate that obligation and net, aggregate or setoff, as applicable, in respect of the estimate, subject to the Non-Defaulting Party accounting to the Defaulting Party when the obligation is ascertained. Any amount not then due which is included in any netting, aggregation or setoff pursuant to Section 10.3.2 shall be discounted to net present value in a commercially reasonable manner determined by the Non-Defaulting Party.

10.4. As soon as practicable after a liquidation, Notice shall be given by the Non-Defaulting Party to the Defaulting Party of the Net Settlement Amount, and whether the Net Settlement Amount is due to or due from the Non-Defaulting Party. The Notice shall include a written statement explaining in reasonable detail the calculation of the Net Settlement Amount, provided that failure to give such Notice shall not affect the validity or enforceability of the liquidation or give rise to any claim by the Defaulting Party against the Non-Defaulting Party. The Net Settlement Amount as well as any setoffs applied against such amount pursuant to Section 10.3.2, shall be paid by the close of business on the second Business Day following such Notice, which date shall not be earlier than the Early Termination Date. Interest on any unpaid portion of the Net Settlement Amount as adjusted by setoffs, shall accrue from the date due until the date of payment at a rate equal to the lower of (i) the then-effective prime rate of interest published under "Money Rates" by The Wall Street Journal, plus two percent per annum; or (ii) the maximum applicable lawful interest rate.

10.5. The parties agree that the transactions hereunder constitute a "forward contract" within the meaning of the United States Bankruptcy Code and that Buyer and Seller are each "forward contract merchants" within the meaning of the United States Bankruptcy Code.

10.6. The Non-Defaulting Party's remedies under this Section 10 are the sole and exclusive remedies of the Non-Defaulting Party with respect to the occurrence of any Early Termination Date. Each party reserves to itself all other rights, setoffs, counterclaims and other defenses that it is or may be entitled to arising from the Contract.

10.7. With respect to this Section 10, if the parties have executed a separate netting agreement with close-out netting provisions, the terms and conditions therein shall prevail to the extent inconsistent herewith.

SECTION 11. FORCE MAJEURE

11.1. Except with regard to a party's obligation to make payment(s) due under Section 7, Section 10.4, and Imbalance Charges under Section 4, neither party shall be liable to the other for failure to perform a firm obligation, to the extent such failure was caused by Force Majeure. The term "Force Majeure" as employed herein means any cause not reasonably within the control of the party claiming suspension, as further defined in Section 11.2.

11.2. Force Majeure shall include, but not be limited to, the following: (i) physical events such as acts of God, landslides, lightning, earthquakes, fires, storms or storm warnings, such as hurricanes, which result in evacuation of the affected area, floods, washouts, explosions, breakage or accident or necessity of repairs to machinery or equipment or lines of pipe; (ii) weather related events affecting an entire geographic region, such as low temperatures which cause freezing or failure of wells or lines of pipe;

(iii) interruption and/or curtailment of Firm transportation and/or storage by Transporters; (iv) acts of others such as strikes, lockouts or other industrial disturbances, riots, sabotage, insurrections or wars, or acts of terror; and (v) governmental actions such as necessity for compliance with any court order, law, statute, ordinance, regulation, or policy having the effect of law promulgated by a governmental authority having jurisdiction. Seller and Buyer shall make reasonable efforts to avoid the adverse impacts of a Force Majeure and to resolve the event or occurrence once it has occurred in order to resume performance.

11.3. Neither party shall be entitled to the benefit of the provisions of Force Majeure to the extent performance is affected by any or all of the following circumstances: (i) the curtailment of interruptible or secondary Firm transportation unless primary, in-path, Firm transportation is also curtailed; (ii) the party claiming excuse failed to remedy the condition and to resume the performance of such covenants or obligations with reasonable dispatch; or (iii) economic hardship, to include, without limitation, Seller's ability to sell Gas at a higher or more advantageous price than the Contract Price, Buyer's ability to purchase Gas at a lower or more advantageous price than the Contract Price, or a regulatory agency disallowing, in whole or in part, the pass through of costs resulting from this Contract; (iv) the loss of Buyer's market(s) or Buyer's inability to use or resell Gas purchased hereunder, except, in either case, as provided in Section 11.2; or (v) the loss or failure of Seller's gas supply or depletion of reserves, except, in either case, as provided in Section 11.2. The party claiming Force Majeure shall not be excused from its responsibility for Imbalance Charges.

11.4. Notwithstanding anything to the contrary herein, the parties agree that the settlement of strikes, lockouts or other industrial disturbances shall be within the sole discretion of the party experiencing such disturbance.

11.5. The party whose performance is prevented by Force Majeure must provide Notice to the other party. Initial Notice may be given orally; however, written Notice with reasonably full particulars of the event or occurrence is required as soon as reasonably possible. Upon providing written Notice of Force Majeure to the other party, the affected party will be relieved of its obligation, from the onset of the Force Majeure event, to make or accept delivery of Gas, as applicable, to the extent and for the duration of Force Majeure, and neither party shall be deemed to have failed in such obligations to the other during such occurrence or event.

11.6. Notwithstanding Sections 11.2 and 11.3, the parties may agree to alternative Force Majeure provisions in a Transaction Confirmation executed in writing by both parties.

SECTION 12. TERM

This Contract may be terminated on 30 Day's written Notice, but shall remain in effect until the expiration of the latest Delivery Period of any transaction(s). The rights of either party pursuant to Section 7.6, Section 10, Section 13, the obligations to make payment hereunder, and the obligation of either party to indemnify the other, pursuant hereto shall survive the termination of the Base Contract or any transaction.

SECTION 13. LIMITATIONS

FOR BREACH OF ANY PROVISION FOR WHICH AN EXPRESS REMEDY OR MEASURE OF DAMAGES IS PROVIDED, SUCH EXPRESS REMEDY OR MEASURE OF DAMAGES SHALL BE THE SOLE AND EXCLUSIVE REMEDY. A PARTY'S LIABILITY HEREUNDER SHALL BE LIMITED AS SET FORTH IN SUCH PROVISION, AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. IF NO REMEDY OR MEASURE OF DAMAGES IS EXPRESSLY PROVIDED HEREIN OR IN A TRANSACTION, A PARTY'S LIABILITY SHALL BE LIMITED TO DIRECT ACTUAL DAMAGES ONLY. SUCH DIRECT ACTUAL DAMAGES SHALL BE THE SOLE AND EXCLUSIVE REMEDY, AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. UNLESS EXPRESSLY HEREIN PROVIDED, NEITHER PARTY SHALL BE LIABLE FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES, LOST PROFITS OR OTHER BUSINESS INTERRUPTION DAMAGES, BY STATUTE, IN TORT OR CONTRACT, UNDER ANY INDEMNITY PROVISION OR OTHERWISE. IT IS THE INTENT OF THE PARTIES THAT THE LIMITATIONS HEREIN IMPOSED ON REMEDIES AND THE MEASURE OF DAMAGES BE WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE. TO THE EXTENT ANY DAMAGES REQUIRED TO BE PAID HEREUNDER ARE LIQUIDATED, THE PARTIES ACKNOWLEDGE THAT THE DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO DETERMINE, OR OTHERWISE OBTAINING AN ADEQUATE REMEDY IS INCONVENIENT AND THE DAMAGES CALCULATED HEREUNDER CONSTITUTE A REASONABLE APPROXIMATION OF THE HARM OR LOSS.

SECTION 14. MARKET DISRUPTION

If a Market Disruption Event has occurred then the parties shall negotiate in good faith to agree on a replacement price for the Floating Price (or on a method for determining a replacement price for the Floating Price) for the affected Day, and if the parties have not so agreed on or before the second Business Day following the affected Day then the replacement price for the Floating Price shall be determined within the next two following Business Days with each party obtaining, in good faith and from non-affiliated market participants in the relevant market, two quotes for prices of Gas for the affected Day of a similar quality and quantity in the geographical location closest in proximity to the Delivery Point and averaging the four quotes. If either party fails to provide two quotes then the average of the other party's two quotes shall determine the replacement price for the Floating Price. "Floating Price" means the price or a factor of the price agreed to in the transaction as being based upon a specified index. "Market Disruption Event" means, with respect to an index specified for a transaction, any of the following events: (a) the failure of the index to announce or publish information necessary for determining the Floating Price; (b) the failure of trading to commence or the permanent discontinuation or material suspension of trading on the exchange or market acting as the index; (c) the temporary or permanent discontinuance or unavailability of the index; (d) the temporary or permanent closing of any exchange acting as the index; or (e) both parties agree that a material change in the formula for or the method of determining the Floating Price has occurred. For the purposes of the calculation of a replacement price for the Floating Price, all numbers shall be rounded to three decimal places. If the fourth decimal number is five or greater, then the third decimal number shall be increased by one and if the fourth decimal number is less than five, then the third decimal number shall remain unchanged.

SECTION 15. MISCELLANEOUS

15.1. This Contract shall be binding upon and inure to the benefit of the successors, assigns, personal representatives, and heirs of the respective parties hereto, and the covenants, conditions, rights and obligations of this Contract shall run for the full term of this Contract. No assignment of this Contract, in whole or in part, will be made without the prior written consent of the non-assigning party (and shall not relieve the assigning party from liability hereunder), which consent will not be unreasonably withheld or delayed; provided, either party may (i) transfer, sell, pledge, encumber, or assign this Contract or the accounts, revenues, or proceeds hereof in connection with any financing or other financial arrangements, or (ii) transfer its interest to any parent or Affiliate by assignment, merger or otherwise without the prior approval of the other party. Upon any such assignment, transfer and assumption, the transferor shall remain principally liable for and shall not be relieved of or discharged from any obligations hereunder.

15.2. If any provision in this Contract is determined to be invalid, void or unenforceable by any court having jurisdiction, such determination shall not invalidate, void, or make unenforceable any other provision, agreement or covenant of this Contract.

15.3. No waiver of any breach of this Contract shall be held to be a waiver of any other or subsequent breach.

15.4. This Contract sets forth all understandings between the parties respecting each transaction subject hereto, and any prior contracts, understandings and representations, whether oral or written, relating to such transactions are merged into and superseded by this Contract and any effective transaction(s). This Contract may be amended only by a writing executed by both parties.

15.5. The interpretation and performance of this Contract shall be governed by the laws of the jurisdiction as indicated on the Base Contract, excluding, however, any conflict of laws rule which would apply the law of another jurisdiction.

15.6. This Contract and all provisions herein will be subject to all applicable and valid statutes, rules, orders and regulations of any governmental authority having jurisdiction over the parties, their facilities, or Gas supply, this Contract or transaction or any provisions thereof.

15.7. There is no third party beneficiary to this Contract.

15.8. Each party to this Contract represents and warrants that it has full and complete authority to enter into and perform this Contract. Each person who executes this Contract on behalf of either party represents and warrants that it has full and complete authority to do so and that such party will be bound thereby.

15.9. The headings and subheadings contained in this Contract are used solely for convenience and do not constitute a part of this Contract between the parties and shall not be used to construe or interpret the provisions of this Contract.

15.10. Unless the parties have elected on the Base Contract not to make this Section 15.10 applicable to this Contract, neither party shall disclose directly or indirectly without the prior written consent of the other party the terms of any transaction to a third party (other than the employees, lenders, royalty owners, counsel, accountants and other agents of the party, or prospective purchasers of all or substantially all of a party's assets or of any rights under this Contract, provided such persons shall have agreed to keep such terms confidential) except (i) in order to comply with any applicable law, order, regulation, or exchange rule, (ii) to the extent necessary for the enforcement of this Contract, (iii) to the extent necessary to implement any transaction, (iv) to the extent necessary to comply with a regulatory agency's reporting requirements including but not limited to gas cost recovery proceedings; or (v) to the extent such information is delivered to such third party for the sole purpose of calculating a published index. Each party shall notify the other party of any proceeding of which it is aware which may result in disclosure of the terms of any transaction (other than as permitted hereunder) and use reasonable efforts to prevent or limit the disclosure. The existence of this Contract is not subject to this confidentiality obligation. Subject to Section 13, the parties shall be entitled to all remedies available at law or in equity to enforce, or seek relief in connection with this confidentiality obligation. The terms of any transaction hereunder shall be kept confidential by the parties hereto for one year from the expiration of the transaction.

In the event that disclosure is required by a governmental body or applicable law, the party subject to such requirement may disclose the material terms of this Contract to the extent so required, but shall promptly notify the other party, prior to disclosure, and shall cooperate (consistent with the disclosing party's legal obligations) with the other party's efforts to obtain protective orders or similar restraints with respect to such disclosure at the expense of the other party.

15.11. The parties may agree to dispute resolution procedures in Special Provisions attached to the Base Contract or in a Transaction Confirmation executed in writing by both parties

15.12. Any original executed Base Contract, Transaction Confirmation or other related document may be digitally copied, photocopied, or stored on computer tapes and disks (the "Imaged Agreement"). The Imaged Agreement, if introduced as evidence on paper, the Transaction Confirmation, if introduced as evidence in automated facsimile form, the recording, if introduced as evidence in its original form, and all computer records of the foregoing, if introduced as evidence in printed format, in any judicial, arbitration, mediation or administrative proceedings will be admissible as between the parties to the same extent and under the same conditions as other business records originated and maintained in documentary form. Neither Party shall object to the admissibility of the recording, the Transaction Confirmation, or the Imaged Agreement on the basis that such were not originated or maintained in documentary form. However, nothing herein shall be construed as a waiver of any other objection to the admissibility of such evidence.

DISCLAIMER: The purposes of this Contract are to facilitate trade, avoid misunderstandings and make more definite the terms of contracts of purchase and sale of natural gas. Further, NAESB does not mandate the use of this Contract by any party. NAESB DISCLAIMS AND EXCLUDES, AND ANY USER OF THIS CONTRACT ACKNOWLEDGES AND AGREES TO NAESB'S DISCLAIMER OF, ANY AND ALL WARRANTIES, CONDITIONS OR REPRESENTATIONS, EXPRESS OR IMPLIED, ORAL OR WRITTEN, WITH RESPECT TO THIS CONTRACT OR ANY PART THEREOF, INCLUDING ANY AND ALL IMPLIED WARRANTIES OR CONDITIONS OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY, OR FITNESS OR SUITABILITY FOR ANY PARTICULAR PURPOSE (WHETHER OR NOT NAESB KNOWS, HAS REASON TO KNOW, HAS BEEN ADVISED, OR IS OTHERWISE IN FACT AWARE OF ANY SUCH PURPOSE), WHETHER ALLEGED TO ARISE BY LAW, BY REASON OF CUSTOM OR USAGE IN THE TRADE, OR BY COURSE OF DEALING. EACH USER OF THIS CONTRACT ALSO AGREES THAT UNDER NO CIRCUMSTANCES WILL NAESB BE LIABLE FOR ANY DIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, PUNITIVE OR CONSEQUENTIAL DAMAGES ARISING OUT OF ANY USE OF THIS CONTRACT.

SPECIAL PROVISIONS TO BASE CONTRACT FOR SALE AND PURCHASE OF NATURAL GAS

These Special Provisions ("Special Provisions") to the Base Contract for Sale and Purchase of Natural Gas and General Terms and Conditions thereto ("Base Contract") dated June 1, 2018, by and between WoodRiver Energy L.L.C. and KBS as Agent for its' Kansas Energy Management Program (formerly known as KJUMP) Members. shall supplement and form part of the Base Contract. Except as otherwise set forth in these Special Provisions, all of the terms and conditions of the Base Contract shall remain in full force and effect. If there is a conflict between the terms and conditions set forth in these Special Provisions and the terms and conditions set forth in the Base Contract, the terms and conditions set forth in these Special Provisions shall prevail. The defined terms and used herein shall have the same meaning as set forth in the Base Contract.

The General Terms and Conditions of the Base Contract shall be modified by insertion of the new sections 2.19.1, 4.4, 4.5, 4.6, 7.8, 11.7, 15.13, 15.14

- 2.19.1 **"Full Requirements Service"** shall require that Seller be the sole source of Gas for 100% of Buyer's purchased supply needs including all services specified by the Transporter tariff then in effect, as required to supply Buyer's demand at the Delivery Point(s).
- 4.5 4.5 If there is a material change in any existing law, order, or applicable pipeline tariff regarding imbalances, Seller may terminate this Agreement at any time after the first 2 years, upon 365 days advance notice to terminate at the end of Year 3 of this Agreement. Material change is defined to mean a requirement of daily balancing within a 5% tolerance or the elimination of a group, pool, or aggregation balancing of supplies and deliveries of natural gas hereunder. The Parties will use all reasonable efforts to communicate any such change, whether or not material.
- 4.6 Notwithstanding anything hereinabove to the contrary, during the term of any period of daily balancing, operational flow order, critical notice or other like event declared by an Transporter for any transaction, Seller reserves the right to purchase Excess Quantities or to sell Shortfall Quantities at current market prices as determined by Seller in its reasonable discretion during the term of any period of daily balancing, operational flow order, critical notice or other like event declared by a Transporter and Seller has provided prior written notice (via email) of the aforementioned 'event' to Buyer prior to Seller's purchase or sale of gas. However, no excess purchases on behalf of the Buyer shall be billed to Buyer.
- 7.1 Seller shall invoice Buyer for Gas delivered and received in the preceding Month and for any other applicable charges, including an administrative services fee for Agent, providing supporting documentation acceptable in industry practice to support the amount charged. If the actual quantity delivered is not known by the billing date, billing will be prepared based on the quantity of Scheduled Gas. The invoiced

quantity will then be adjusted to the actual quantity on the following Month's billing or as soon thereafter as actual delivery information is available.

7.8 Venue for any action tried hereunder shall be in Kansas City, Kansas, whether in federal or state court.

11.7 An event of Force Majeure shall not excuse either party from liquidated damages related to the settlement of any quantities.

15.13 The parties hereby agree and understand that any reference to NYMEX or OTC price indicators, or any utilization of these exchanges by Seller is specifically in connection with Seller's cash market operations, and shall not in any way subject Seller to the Commodity Exchange Act ("CEA"). Neither Seller nor any of its employees or affiliates is acting as a Broker, Dealer, or Commodity Trading Advisor, and no such person is registered as a Commodity Trading Advisor. Seller is specifically not offering to Buyer or advising Buyer concerning the use of any registered futures contract or standardized instrument for future delivery on any exchange. Seller also may provide industry fundamentals, and other conditions affecting the energy markets. Seller provides any such material for information purposes only and not to recommend any transaction, course of dealing or strategy with respect to such markets. Through providing this information, WoodRiver in no way acts as a Commodity Trading Advisor, Broker, or Dealer. Buyer acknowledges that all decisions related to energy transactions are authorized and executed based upon the Buyer's full knowledge and independent action and confirms that Buyer is an "eligible contract participant" as defined by the CEA.

15.14 Seller may assign this Agreement and any or all sums payable by Buyer hereunder upon notice to Buyer of such as assignment, and without limiting the foregoing, Buyer hereby consents to the pledge and collateral assignment of this Agreement by Seller to Shell Energy North America (USA), L.P. and its successors and assigns. Upon notice to Buyer of any such assignment by Seller, Buyer shall pay all sums due hereunder to such assignee without offset, counterclaim or defense of any kind.

C. APPROVAL OF ALLEYWAY AND CHUTE REVISION, ARNOLD ARENA

BACKGROUND: The chute & alleyways at the south end of Arnold Arena have been a safety hazard for many years. The recent building addition added an additional hazard, leaving a blind spot for students riding horses out of the arena on the south end.

The attached quotes are for revising the participant chutes and alleyways such that as the drive Y's the north section closest to the building addition can be closed to vehicle traffic. This will still leave the south section of that Y open for community and student traffic, while providing a safe entry to for participants during rodeo events and for students exiting the stalls riding horses.

Three quotes were requested:

- \$14,503.66 from Cramer Fencing
- \$13,913.00 from Ash Hollow Fabrication & Fence
- \$16,500.00 from William and Sons Fabrication

Funding will come primarily from funds available on the Foundation. Dependent on final metal prices, remaining costs will be funded through the rodeo supply line.

RECOMMENDATION: Administration recommends the quotes from Ash Hollow Fabrication & Fence for \$13,913.00 be approved.

D. DISCUSSION AND CONSIDERATION OF COVID POLICIES

BACKGROUND: The following COVID-19 guidance has been in place since August 11, 2021.

- Guidance will be reviewed every two weeks (or more frequently, as needed).
- Masks are expected of all unvaccinated individuals
- Individuals who are vaccinated and not symptomatic, and are exposed as a close contact of someone who is positive do not need to quarantine at this time.
- Individuals who are positive must isolate, unvaccinated close contacts of a positive case who are notified by a health professional (e.g. health department) must quarantine.
- Faculty have the discretion whether to require masks in office or classroom while they are teaching, regardless of vaccination status.
 - Instructors are not required to Zoom with students in quarantine or isolation at this point. The instructors will work with the students to provide courses materials via the learning management system (Blackboard).

RECOMMENDATION: It is recommended that FSCC continue to follow the guidance that has been in place since August 11, 2021 as shown above.

Monthly News from the Miami County Campus of FSCC

Greyhounds

Greetings and thoughts of cooler fall weather from the Miami County Campus of Fort Scott Community College. August has been a very busy time. We kicked it off with some pretty intense marketing campaigns. There were lots of meetings and events to attend, which meant lots of opportunities to recruit. The first week included a trip to Osawatomie, where we hosted the Chamber Coffee on the 3rd at John Brown Park. Then, on the 4th was the enrollment day at Louisburg High School. Finally rounding the week up was a Chamber Coffee at the Miami County Campus. We were getting pretty good at putting up our new tent. It really does catch the attention of those who are driving by or attending our events. You can definitely find us, wherever we are. Each day's event included a lot of hard work and support from all the staff. If it was not for Nolanda – something would have fallen through the cracks or we would not have had the chance to shine as well as we did!

Just the week before, we had the tent and table display at the Miami County Fair. We were able to meet with many members of the community and some that came further away – visiting family at the fair. It was a great opportunity to also network with some of the vendors and kids who were showing their projects at the fair.

The first few days of the fall classes were a bit crazy, as they always are. We were trying to see who *really* was going to be attending. There was a lot of peeking in the classrooms and checking rosters. It was a bit like playing Santa Claus, “*Making a list and checking it twice.*” If someone wasn't in the class, but was on the roster, we would call them immediately to find out where they were. Peeking into the classrooms was a little fun - I was able to put faces with names and get to know the students a little better. At one point, we were literally pulling students in off the street and enroll them the day of class. They thought they were there to talk about going to school (thinking we were starting a week later) and found themselves sitting in the class only a few moments after walking through the front door.

Although it can be a little crazy and exhausting sometimes, the beginning of a new semester is an opportunity to grow and learn. It is a time to start fresh and do the things you wanted to do the semester before, but didn't get the chance to do. Most people start their “New Year's Resolutions” in January. I like to start mine in August – with the beginning of a new school year. I have a really good feeling about the group of students we have this year. I think there is a lot of things we can accomplish this semester at the Miami County Campus. We are all excited for this fall semester and look forward to doing some great things.

MARKETING

ENROLLING NOW signs were seen all across the high school entrances among the Miami County area high schools (Osawatomie, Paola, and Louisburg). These signs were making their rounds this year. They were part of a marketing strategy used several years ago to help remind the concurrent students (as well as community members driving by) they needed to get enrolled in classes soon.

OSAWATOMIE HIGH SCHOOL

In addition to visiting the high schools, this year, we came prepared with several brochure displays and business cards to make available to the students. Pictured left are displays for the MCC schedule, concurrent courses offered at Osawatomie High School, the Technical Programs and the Miami County Campus Programs offered. Joy Mildfelt, OHS counselor, has been a great help with directing students to take courses through FSCC this year and with posting our ENROLL NOW signs at OHS.

PAOLA HIGH SCHOOL

Deanell and Lori, at Paola High School, are always so great to work with. We also provided them with several brochure displays for the PHS concurrent, Miami County Campus Programs, and Technical Programs. Our hope is to use these displays to create an attractive display of all the programs we offer to the students and communities of Miami County. It will also provide an avenue to constantly make contact with the counselors, schools, and most importantly students at each high school. The material in the brochure displays will need to be checked and updated on a regular basis – creative marketing technique, don't you think?

LOUISBURG HIGH SCHOOL

I won't lie – I had the most fun visiting Louisburg High School this year. In addition to dropping off the ENROLL NOW signs and all the brochures and displays (and meeting with the counselors), I was able to participate in their enrollment day at Louisburg High School. Vickie Laderer (Allied Health Director) went with me and we were able to visit with all the different departments at the school (transportation services, administration, teachers, yearbook staff). It was productive to just be able to talk with the different personnel at the school. I believe most of the students probably pre-enrolled online, but kids still had to come by to pick up their yearbooks – so we were able to still reach out to some of the LHS students during this time.

It was a lot of fun to set-up the FSCC table and display our material. We also were able to include the “NO GENERAL FEES” sign (below, right). Although Louisburg is probably the farthest from all the schools in the county, it is always so great to go there to visit. Marty Southard is always so helpful and is always such a great advocate for the students. Mr. Dave Tappan, Assistant Superintendent is always a pleasure to talk with and discuss some of the “old days” of the college.

OSAWATOMIE CHAMBER

Preparing for the Chamber of Commerce Coffee at the John Brown Memorial Park was exciting and exhausting (at the same time). We had to load everything into the truck and put a lot of pieces together. Hosting these events are always so much fun. Being able to get out there and be with the community was renewing and refreshing. It felt like a clean start to a new year. We had so much to talk about and share with the community. The park was also such an amazing venue that gets underused and forgotten about sometimes. The shelter house and the FSCC tent together made a great gateway into our presentations. I cannot thank Nolanda enough for helping put this event together. I remembered the table, tent, promotional items and brochures, but without Nolanda we would not have had coffee for the chamber coffee. She organized and set everything up to look so wonderful for the members. Even the weather framed the morning beautifully for the event.

PAOLA CHAMBER

August was non-stop fun, for sure. That first week we started with the Osawatomie Chamber, then the Louisburg Enrollment Day, and finally concluded on Friday back home – at the Miami County Campus for a Friday Paola Chamber. At all events we unveiled the “Where is Gizmo” event. Many businesses and organizations were interested and willing to participate. Due to the size of the project, we began recruiting the Phi Theta Kappa (PTK) group to help us reach out to the businesses after the coffee.

MIAMI COUNTY FAIR

Our first display of the FSCC table and tent were available at the Miami County Fair (July 28-30). It was a great way to test our promotional items and put together all the display material prior to the Chamber and High School events that coming week. It was a very hot week, so having the display at the entrance of the main air conditioned building was a really good move. Everyone who visited the fair would come by our booth out of necessity to escape the heat. If we had a couple of extra chairs available for them to sit in and visit with – all the better time to talk about the college and our upcoming semester.

BLOCKTOBER FEST / CHAMBER COFFEE

I attended the Chamber meeting on 8/20/21 to support the Trinity Lutheran Block Church’s coffee. It met at the Paola Town Square and they discussed their upcoming Blocktober Fest scheduled for the 18th of September. This is a busy weekend as the Freedom Festival in Osawatomie will be at the same time.

BUSINESS PARTNERSHIPS

We have had a lot of businesses express an interest in doing an expo again this year. I believe we will be hosting one this fall, but we will do so a little later in September. We have a fresh, new group of students this semester and I will need to start recruiting them for the Miami County Campus Ambassador (MICCA) and Phi Theta Kappa (PTK) groups. It is from these students that I get all my “volunteers.” I cannot make any of the things happen without the help of Nolanda, Vickie and all the students who help out with these events.

I met with a new contact, via ZOOM on 8/17/21. Pragya Agosto, SHRM-CP from the Rural Health Education and Services, The University of Kansas Medical Center wanted to discuss events for the RNs and C.N.A.s through their organization. They also offered to help the students with resume’ writing, cover letters, and job interviews. They also were offering to help students with their job searches.

IN-SERVICE

We attended the Fort Scott in-service on the 10th and followed up with an in-service that afternoon for the Miami County faculty. All adjunct faculty teaching this fall were able to attend or meet to discuss the fall semester and any up-to-date information for the semester.

MCC CLASSES

The Miami County classes (including Welding and Criminal Justice) started August 12th. The Allied Health (C.N.A.) classes started the following week on August 18th. Most of the area high schools started the 18th or 19th. We were literally enrolling students all the way up to the last day to add. We had two students that come in to learn about the college and within an hour, they were sitting in the classroom, taking notes. Our Orientation class started on August 21st and the Nutrition class started on August 28th.

Kassie helped us start Welcome Week off with some treats and door prizes for the students. I was able to visit with all the faculty and students that week to talk to them about the HERF, PTK and some other miscellaneous events and activities. It was great to be back in the classroom. It is so hard to believe how much I miss being there with the students. It really feels like I am able to connect the faculty and the students to the college more when I am actually in the classrooms with them.

ALLIED HEALTH

Vickie Laderer (Allied Health Director) is teaching several C.N.A. classes to the area high schools this semester. There are 7 in the Osawatomie class, 6 in the Louisburg class, 12 in the Paola course and 4 in the Jayhawk-Linn (ZOOM) class in Mound City. Currently, there are 5 students enrolled in the afternoon M/W class that starts in October for the general public.

Board Update September 20, 2021

Student Services - Janet Fancher

Admissions-Brian Lancaster

1. Created and updated FSCC Admissions posters and informational pamphlets to mail to high schools. Added QR codes to all material to make it easier for students to request information about FSCC or athletics.
2. Attended an Information day at Pittsburg State University.
3. Admissions Office has processed, verified, and award scholarships for all tuition waivers, academic, and activity scholarships.
4. 6 FSCC campus visits since the beginning of this semester.
5. Most high schools are going to allow college recruiters into their building this year. We are in the process of scheduling visits with 36 schools.
6. Some schools are only allowing virtual visits or are participation in College Planning Conferences only. We are in the process of scheduling virtual visits with those schools.
7. Admissions is scheduled to attend College Planning Conferences at Pitt State, Allen County, Butler County, Columbus HS, Labette County, and Independence Community College.
8. Admissions team will attend KACRAO annual conference in Colby, KS from September 22-24.
9. We have participated in multiple AwardSprings webinars to make the application and awarding process for scholarship easier for students and staff.

Ambassadors Update

1. Held virtual interviews with students for consideration for the President's Ambassador Scholarship.
2. 10 students were awarded the scholarship and will be part of the President's Ambassadors team
3. We had our first Ambassador meeting, discussed expectations and duties of an Ambassador
4. The ambassadors have all given mock Admission conferences and tours. They will begin to conduct Admission visits as more are scheduled.
5. Ambassadors have also been working 2 hours a week in the Food Pantry
6. Ambassadors will assist with Gordon Parks Celebration activities on October 8 & 9, and Math Relays Oct. 18.

CAMP-Lynne Wheeler

CAMP (College Assistance Migrant Program) Federal grant at FSCC:

FSCC's Tri-State CAMP was awarded a new five-year grant in June 2021 in the total amount of \$2,365,949. 2021 begins our eleventh year of CAMP at FSCC.

CAMP staff is currently assisting students with tutoring and other supportive services including a fall cultural event. The CAMP Coordinator position is currently open and we are seeking qualified candidates. The job description can be found on the FSCC website.

CAMP staff at FSCC includes Lynne Wheeler, Pam Constans, and Susan Benson.

Tri-State CAMP serves 40 students each year at four sites in Kansas, Arkansas, and Oklahoma. The program provides financial, educational, and supportive services to temporary/seasonal farmworkers through a Federal grant from the Office of Migrant Education, Department of Education.

HEP-Jena Russell

Tri-State HEP (High School Equivalency Program) staff have been working on a wide range of items to kick off our new year (Year 1; 21st year total). We are busy recruiting new students, working with our persisters, and helping students graduate. We've been working on and compiling our Annual Performance Report for the Office of Migrant Education U.S. Department of Education. On September 14th, we had the privilege of hosting a cultural event in Dodge City, KS for our HEP students. Our guest speaker was Eduardo Chavez who spoke about his grandfather, Cesar Chavez, and his legacy of working with migrant farmworkers. Here's a brief bio of Eduardo:

Eduardo Chavez

Director, Actor, Activist

"As the grandson of both the legendary civil rights activist César Chávez and the Cuban revolutionary Max

Lesnik, Eduardo Chavez is the scion of two revolutionary families. This background has informed the majority of his work so far.

Eduardo is making his directorial debut with the feature documentary, "Hailing Cesar," released in April 2018. He is the co-founder of Latindia Studios and a member of the Speakers' Board for the Chavez Institute for Law and Social Justice.

Eduardo attended Loyola Marymount University on a golf scholarship and graduated with a B.A. in communications. After college, he played professional golf and studied acting in Miami and Los Angeles."

We look forward to a great year in helping so many students!

MEP-Jennifer Quick

The KS Migrant Education Program (KS MEP) continues to be a leader in the U.S. in providing services for children and youth across the state of KS. The sub-award funds are allocated from the KS Dept. of Education (KSDE) to FSCC as part of the Title 1, Part C Education of Migratory Children. July 1st, FSCC

again welcomed a 2nd group of KS advocates from the service center in southwest KS. The 8 full-time advocates are FSCC employees that work remotely in various cities and continue to serve KS school-age children. This group is responsible for traveling to KS school districts and meet with families to ensure that identified children and youth have the tools they need to be successful in school.

The 2 state-led consortium incentive groups (cigs), IDRC & iSOSY, will begin their 2nd year Oct. 1st. FSCC is the designated fiscal agent for both. IDRC & iSOSY continue to serve their member states with many beneficial resources and programs. These include: identification and recruitment (ID&R) training modules for recruiters, agriculture-trend information, resources to assist students for post-secondary studies, and personal wellness/mental and emotional health tools. The fall 2021 cig leadership and technical support meetings will again be held virtually. Check out their websites: <https://www.idr-consortium.net> and <https://www.osymigrant.org>

September Board Report
Alysia Johnston; President

We have been working with the school districts in Linn County on the best strategy to provide career and technical education programs in Pleasanton. Pleasanton School District recently acquired a facility in Pleasanton and we expect to provide technical courses at the location. This is an exciting opportunity for the community, and FSCC supports the mission of increasing technical opportunities for high school students and adult learners in Linn County. Program exploration is currently occurring, which has already included surveying secondary students at Pleasanton High School, Jayhawk-Linn High School, and Prairie View High School. The next steps involve working with the school districts to determine which program or programs will be offered at the facility. Following those decisions, the school district(s) will begin renovation of the facility to meet the needs of the program(s). The goal is for secondary students to be enrolled in classes at the technical facility in Linn County for the fall 2022 semester.

Kirk Hart and I attended the quarterly KACCT meeting held in Hutchinson, August 24-26. We had several updates and discussions concerning Kansas Legislative initiatives on funding of community colleges, COVID mitigation, collaboration on community college marketing, and KBOR coordination/distribution of funds. Dr. Adam Borth, Janet Fancher, Sonia Gugnani, Jacob Reichard, Susie Arvidson, Sara Sutton, Courtney Metcalf, and I attended the Council on Accreditation for Two Years Colleges (CATYC) conference in Kansas City Sept 15-17. The conference presentations focused on HLC changes and specifically co-curricular assessment.

The 2021 Gordon Parks Celebration to feature Contemporary Jazz and R&B Violinist, Dominique Hammons.

Fort Scott-The Gordon Parks Celebration, scheduled for October 7 - 9, 2021, at Fort Scott Community College, will feature Contemporary Jazz and R&B violinist, Dominique Hammons in a music performance at 7:30 p.m. at the River Room in Fort Scott, KS on Friday, October 8th. The doors will open at 6:30 p.m. and a cash bar will be available.

This performance event is supported in part by Peerless Products, INC. in Fort Scott, KS.

"We are very excited that we were able to bring Dominique Hammons back to Fort Scott once again for another electrifying performance." This provides another great opportunity for anyone that was not able to attend Dominique's last performance here to a packed house at the Liberty Theater." said Kirk Sharp, Gordon Parks Museum Director.

Dominique Hammons is a young, energetic, Contemporary/Jazz and R&B Violinist from Houston, TX and started playing classical violin at the age of eight. Hammons attended the High School for the Performing and Visual Arts in Houston and was a member of the school orchestra program for four years. After high school, Dominique attended the University of Oklahoma in Norman, Oklahoma, and graduated in 2017 with a Bachelor of Arts Degree in Music Performance with an emphasis in Jazz.

Tickets are \$30 each or \$35 at the door. Tickets will be available at the Gordon Parks Museum located on the campus at Fort Scott Community College or over the phone (620)-223-2700 ext. 5850. For more information about the Celebration, see the website at gordonparkscenter.org or email gordonparkscenter@fortscott.edu or by phone call 223-2700, ext. 5850.

Fort Scott Community College Library Receives Humanities Kansas Grant

Humanities Kansas awarded \$1,481.00 to the Fort Scott Community College Library last fall to support a community read project. Susie Arvidson serves as project director. Due to various COVID restrictions, the event was postponed. FSCC is pleased to announce that the community read project will kick off the week of September 6 2021.

This project encourages the FSCC campus community to interact with the local communities in a common book reading and discussions club. The books to be read are *A Choice of Weapons* by Gordon Parks and *The Other Wes Moore* by Wes Moore. Parks' book was selected as this autobiography addresses the themes of racism, discrimination, and poverty and how the author chose to address and combat those issues. Moore's book was selected as it addresses the issues of fate/choice, race, inequality, injustice, discipline, and violence culminating in the support of the theme of expressions of truth.

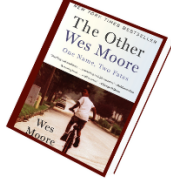

Readings will occur individually with a suggested reading timeline. Discussions will occur through in-person book discussions hosted on the college campus and various hosting locations throughout the community when possible. Synchronous virtual meetings are available upon request, as well as some discussion via social media. Finally, each reading and discussion will culminate with a guest speaker who will speak on the overall, central theme of culture and diversity.

Football Reads to Winfield Scott Students

On Friday, September 10th, FSCC Football players visited Winfield Scott 1st grade and read to the students. See pictures below. Below are emails received from the teachers regarding their students experience with our student athletes.

Thank you for allowing the fb team to come read to our first graders! The Littles looked on them like heroes and I have heard nothing but positive feedback! I hope the boys enjoyed it as much as our kiddos did. -Missy Miller

I wanted to reach out to you and tell you how grateful I am that the football players were able to come visit my first grade classroom.

The 3 young men that came to my room, Donald, Nick, and Zach, were fantastic with my kids! My first graders loved every second of the visit.

The boys were very respectful, kind, engaging and showed my students some great role models. I am not sure if the boys understand the impact they made on my students.

I witnessed some of my quietest students find their voice Friday afternoon. Some of my awkward students feel as if they fit in. Those boys were celebrities in the eyes of my class and having them there made my kids feel special.

Thank you for allowing them to visit. I hope visits can be a reoccurring this year. -Autumn Durossette

Just wanted to let you know how much my 1st grade class enjoyed their time with two of the football players from FSCC yesterday. It was the end of a long week, and two of my kiddos were worn out and even crying. Thankfully it all turned around when Kameron & Anthony showed up so tall and handsome in their uniforms. Instantly everyone was excited and eager to listen to the books the players read aloud, to share, ask questions, draw and color cartoon football players, and have the players sign their drawings. Taking a few pics with the players was exciting! After the players said good bye, I was left with a room full of happy first graders saying that this was the best day ever! What a wonderful way to end our week!

Thank you for allowing the players to reach out to our kids! -Amy Nance

Activity Expo & Student Cookout

On September 1st, students participated in the Activity Expo; highlighting so organizations and programs we offer on campus. In attendance was TRIO, SNO, Theatre, STEAM Club, PTK/Library, & Meat's Judging.
